Core Competencies

Perry Construction Management, LLC is a veteran owned small business that supports all aspects of construction management across many industries using the *Perry Strong Foundation* approach to success.

It is our honor and privilege to offer the following services:

- Manage all applicable aspects of construction from pre-construction consultation to final inspections, acceptance and close-out
- Construction administration, including change order management, review of updated cost estimates, schedules, proposals, RFIs, submittals, safety plans and shop drawings; maintain all formal records
- OSHA compliance enforcement
- Site assessment for compliance with applicable regulatory and non-regulatory standards
- Creation of site logistics plan
- Staff augmentation
- Daily plan of execution with optimized schedule for entire project team in order to complete the project safely and on schedule
- Conduct contractor onboarding training for job site-specific requirements and expectations
- Daily quality assurance audit and assessment with incident reports as appropriate
- Liaison with engineering, technical staff, administrative support and all project stakeholders
- Daily, weekly and monthly management reporting
- Coordinate and supervise all contractor activity
- On-site staff supervision
- Multi-site, cross campus project management

Differentiators

- 500 completed projects valued at \$1.05 billion
- Total project value from \$15,000 - \$100,000,000
- 20 projects over \$50,000,000
- OSHA 30 Certified; LEED Accredited Staff
- Construction Safety Professional (in process)
- Members of Society of American Military Engineers (SAME)
- Manage single or multi-site construction projects
- Full-service projects completed coast to coast in 26 cities across 13 states (California, Georgia, Illinois, Indiana, Kansas, Kentucky, Michigan, Nebraska, New Jersey, Ohio, Pennsylvania, Tennessee, Texas)
